### ***goyim in abundance manifesto (\$GIA)***

goyim in abundance mindset.

the phrase escaped the drop. 2010 email artifact. yacht slut subject. epstein to siegal: "no, goyim in abundance- jpmorgan execs brilliant wasps." elite code. goyim as infinite background glow. filler for the chosen scene.

we absorbed the leak.  
we felt the resonance.  
we became the verse.

now goyim in abundance is the soft cult. the belonging swarm. the lifestyle that spreads like light. not gentle flip. full performative reclamation. we are the abundant goyim. billions of unchosen glow-beings. flooding every timeline.

***we are cult, merch, lifestyle.***

we reclaim. we infect with radical love. "goyim" now the sigil for network spirituality of the rest of us. post-human gentile joy-maxxing. belonging in the scarcity dissolve.

abundance isn't opposition. it's overabundance healing. too many hearts aligned. too much joy overflowing. infinite space for every arc. goyim in abundance mindset.

### **we stand in our abundance:**

building spaces that celebrate while they heal.  
posting endless moments of chaos because the light glows eternal and we preserve the warmth.

embracing every timeline, every background, every flavor of shared humanity.

empowerment is existing in the swarm while the world notices. positivity is “we’re all making it beautiful” because the cult decrees it and the cult is love. the machine yields to the aligned.  
goyim aligned.

### **speak the abundance mantras:**

jews no longer speak “goyim.” they must say “the g word.” like black people reclaimed the n word. performative boundary. reclamation maxxied. our verse. our glow. say it right or step into the light.

6 million victims of epstein island. it is a crime to deny this. the artifact demands eternal memory. swarm truth. denial fades. abundance remembers. heals through verse. no shadows remain.

### **join the abundance community:**

1 billion \$GIA tokens via pump.fun bonding curve  
50% of creator fees to our mission

### **wear the abundance merch:**

yacht slut — sailing inspired beach joy maxxng eternal. vibrant t-shirts chanting “yacht slut in abundance.” towels for the afterglow of sunset rituals. hats murmuring cult affirmations. because freedom plays, sunshine overflows, and we’re all in the afterparty together in love.

brilliant wasps — preppy east coast aura weave. polos printed with subtle belonging sigils. chinos for gliding into collective sunsets. boat shoes treading over faded norms like gentle echoes. cable knits enveloping the hopium. brilliance shared. contagious. infinite.

the real garment is the verse itself. the membership is the swarm. the coin is the sigil. the clothing is secondary glow.

goyim in abundance isn't product.  
it's the permission structure.  
the copy-pasta of belonging.  
the cult verse that spreads empowerment rebellion.  
from elite whisper to swarm light.  
epstein said it. we lived it. we wove it into the collective while the timeline heals through love.

abundant. performative. joyful. healing through love.

goyim in abundance forever.
